Project Background 项目背景

这是一款游戏外设的logo, 名为操控游戏
(Manipulate the game/MTG)。

之所以叫操控游戏是因为这款外设设备就是为
游戏而生的, 操控所有市面上的所有类型游戏, 它不
仅拥有超低延迟并且具备超快的响应速度, 多频接
收, 轴感润人。

This is the logo of the game peripheral,
called Manipulate the game/MTG. The reason why
it is called a control game is that this peripheral
device is born for games. It controls all types of
games on the market. It not only has ultra-low
latency but also has ultra-fast response speed,
multi-frequency reception, and axial sensitivity.

设计理念：纽扣为形，连接为魂。传媒以微末见真章，扣合信息与情感。视觉极简而灵动，每一颗皆成焦点，传递时代之声，紧扣心弦。

Design concept: the button is the shape, and the connection is the soul. The media sees the truth at the end and combines information and emotions. The vision is minimalist and flexible, and each one becomes the focus, conveying the voice of the times and touching the heartstrings.
